

806 OTET-Fredericksburg to Mt Vernon SCBC

800 Number Trail rides may start at any Trailhead for any distance as scheduled by the ride leader.

Originated by Sharon Fritts September 2020.

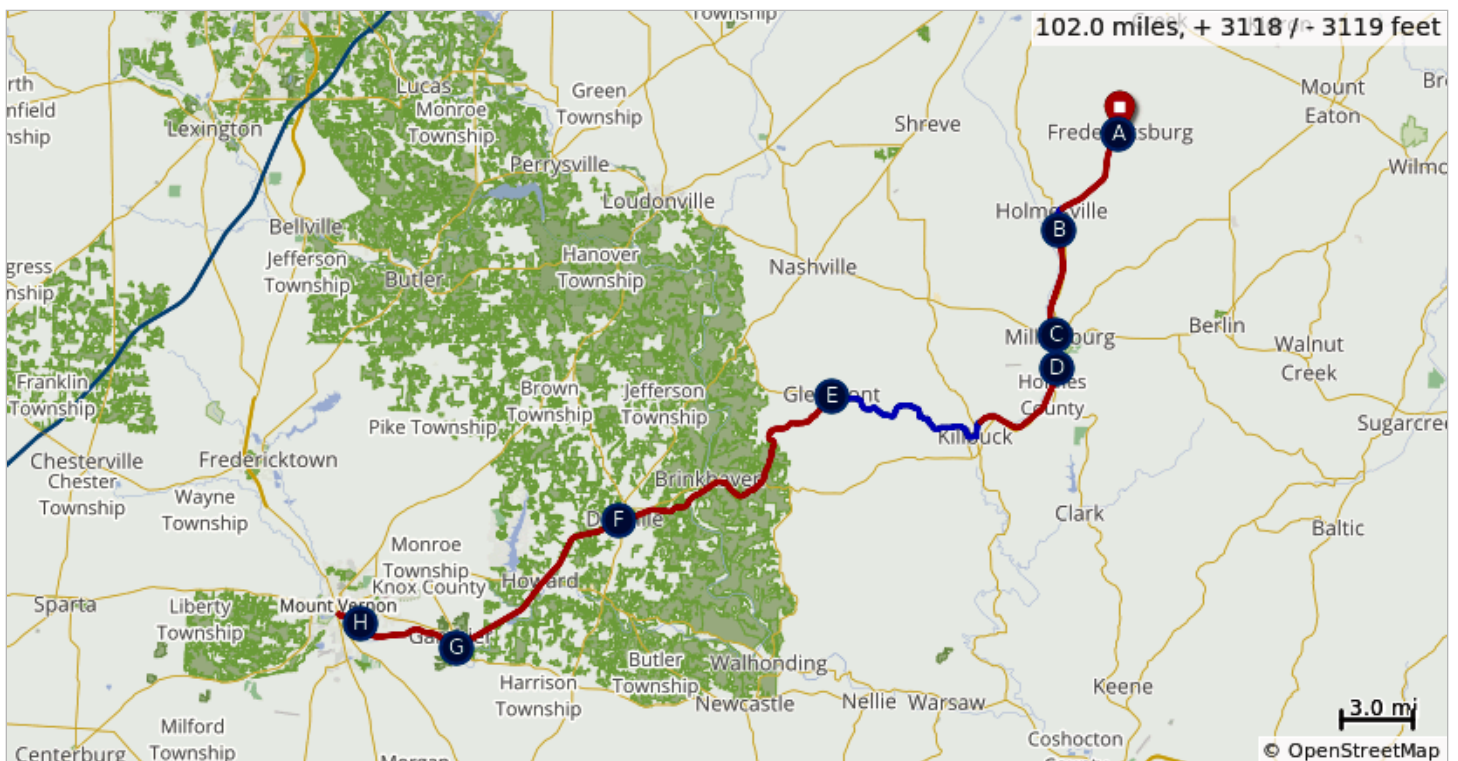

This 102 mile section of the Ohio to Erie Trail runs from Fredericksburg on the HOLMES COUNTY TRAIL, a paved, shared trail for bicycles/pedestrians and horse/buggy. The trail passes through Holmesville and Millersburg on its way to Killbuck. From Killbuck to Glenmont there is an 8 mile section of paved, low traffic, rolling road. From Glenmont to Danville the trail is a beautiful, rolling, wooded paradise. At Mile 31.5 near Brinkhaven the Holmes County Trail becomes the MOHICAN VALLEY TRAIL. In Danville there is a brief road connection to the beautiful KOKOSING GAP TRAIL. Numerous food options are available in several towns along the trail. Drinking water on the trail is limited.

The OTET website offers maps, information, and products: <https://ohioerietrail.org>

Elevation gain from Fredericksburg to Mt Vernon and back is 3114 ft Average gain per mile is 31 ft.
