

BURRO BEND FARM TRAILS

ALPO AVENUE: Multiple choice trails through pines above Buttercup Road. Makes a nice loop with Wolfhound Wanderer.

ANTLER AVENUE: Seldom used trail through hardwoods. Climbs to S.E. corner of farm and returns on same trail.

CANINE CORRIDOR: Easy trail either direction through pines. Makes a nice loop with Rabbit Run, Piddle Place, and Dizzy Dog.

DIZZY DOG: Narrow trail through hardwoods, with 3 switchbacks and some fun “whoop-de-doo”. Easier riding south to north, but can be done either direction.

DUNKIN’ DOGGIT: Short trail through hardwoods to a seasonal spring (soon to be developed into a small pond).

GROUNDHOG GORGE: The lower of the maze of trails on the north side of the farm. Multiple choices of routes.

GROWLIN’ GULCH: Alternative to riding Moose Mountain. Goes through hardwoods, some open field. Access to Antler Avenue and Wet ’n Wild.

HOUND HIGHWAY: Upper trail on the north side of the farm, through hardwoods. Nice views in fall and winter. Easier route than Howlin’ Hollow.

HOWLIN’ HOLLOW: Lower trail on north side of farm. More difficult route than Hound Highway. Through hardwoods.

MOOSE MOUNTAIN: The steepest trail of all. Ride it from west to east. This one will take you out of the saddle and have you sitting on your back wheel.

PIDDLE PLACE: Easy connector trail between north side trails and Dizzy Dog, Alpo Avenue, and Canine Corridor.

PUPPY PATH: Lower trail in pines, accessed from fenced puppy playground. Leads both directions to many other trails.

RABBIT RUN: Easy trail either direction through pines. Makes a nice loop with Canine Corridor, Dizzy Dog, and Piddle Place.

TAILWAGGIN’ TRAIL: Best access from north end, off gravel Montero Road. Gentle downhill through pines, then tight curves and steep descent at south end, to return to house. Approx. 1 mile loop, from house and back.

WET ’N WILD: Level winding trail along the creek to bridge over Friday Creek. Access from paved Buttercup Road. Leads to base of Moose Mountain.

WOLFHOUND WANDERER: Lower trail through pines above Buttercup Rd. Makes a nice loop with Alpo Avenue. Gentle climbs and pleasant descents.

WOOF ’N WAG: Upper Woof ’n Wag is level, through the pines. Lower Woof ’n Wag climbs through hardwoods. Both give access to Moose Mountain. Approx. 2 miles to cover Woof ’n Wag, Moose Mountain, Antler Avenue, Growlin’ Gulch, and return to house.

Burro Bend Farm MTB Trails

Stark County Bicycle Club

MAP 941 | September 2016

Start: Burro Bend Farm: 2223 Montero Rd NE,
Carrolton, OH 44615-8637

Miles:
Variable | MTB Trails: Beginner/Intermediate.
