# Sally Sez So...

from SCBC President Sally Griffiths

January is here, the holidays have passed, and my presidency has come to an end. I would like to extend my sincere thanks to our entire board for showing up, staying engaged, and working to help this club move forward into 2026. I also wish the incoming officers and board much success in the year ahead.

I want to offer special appreciation to all our appointed chairpersons for their dedication and hard work throughout the year:

## It's Banquet Reservation Time!

Make your reservations now for the 58th Annual SCBC Awards Banquet! The banquet will be held Saturday, January 10, 2026 at La Pizzeria on Dressler Rd in Canton. Reservations must be mailed no later than January 2. The cost this year is \$35 and includes appetizers, family style meal, dessert, and non-alcoholic beverage.

This year's theme is "As the Wheels Turn". Social Hour begins at 5 PM, dinner is at 6 PM and the program, including awards and prizes, begins at 7 PM. Dinner will be served family style, eliminating the need to choose your entree in advance. Guests will be able to enjoy both sliced Roast Beef au Jus and Parmesan Crusted Chicken, as well as Penne Pasta Marinara, Salad, Fresh Italian Green Beans in Garlic and Olive Oil, Roasted Potatoes, dessert, soft drinks, coffee and tea. There will be a cash bar.

This year's clever theme was suggested to the committee by Fran Shaeffer (is she a closet soap opera fan?). Truly, this club has created an enduring storyline over the years, with many plot twists, as our wheels have turned. The members are the stars; the roads, our set; our bikes, the props; cycling jerseys and shorts, our costumes. Join us as we look back on our favorite episodes!

All attendees will automatically be entered into a drawing to win one of a number of door prizes provided by SCBC. Additionally, tickets will be sold for the very popular Triple Crown drawing, and three lucky participants will share the pot.

We have a New Class of 80 Year Olds (Members Emeritus) being inducted. Qualifying for both free membership in SCBC and a complimentary banquet meal are Don Burrier, Paul Larsen, Wayne Prazak and John Shaeffer. We will be contacting the new 80 Year Olds with details.

## Perry Helping Perry Bike Program Christmas Event 2025

The Annual Perry Helping Perry (PHP) Christmas Event was held on December 13, 2025, at Perry Christian Church. This was our 5<sup>th</sup> year for the PHP Bike Program giveaway. There were over 150 Families represented in the entire community program which included age-appropriate gifts for selection along with a mix of new and refurbished to like-new bikes. All bikes and helmets were free for any child participant registered who desired one. We gave away 113 bikes and helmets of all sizes from trikes to 12in wheel to 700 wheels in nearly 4 hours. Bruce Mencer, Don Royer, Tim Garver, and I. Tim, an avid cyclist, is a recent Bike Program volunteer within the past year. He retired from TWI in August and prior from Timken. We worked all summer and fall to recondition used donation bikes into these Christmas Day Masterpieces. After the close of the Event, we arranged for a pickup load of adult bikes for the *Refuge of Hope* Bike Ministry. Special thanks to SCBC for providing financial support and to those SCBC Members arranging for bike donations in 2025 and in years past. “Every Kid Should Have a Bike” is our Mission!

Dennis Updike

I took this photo of a very good looking group of cyclists at the North Canton YMCA last Sunday, 12/21. I wanted to share it with our club members and highlight one of many opportunities our local Y's provide.

I know it's can be a serious challenge to ride outside through winter (duh). I also know that riding trainers isn't everyone's cup of tea, to put it mildly. Janice and I hit the Y group cycling classes two or three times a week and find them very helpful, both mentally and physically.

So, each to his or her own. But if you want to try the spin classes, the Stark County Y's are great! I've been to NC, Jackson, Louisville, Lake and Alliance. All are worth attending. Jackson and NC have large rooms that provide plenty of room between bikes. And the leaders all seem good at providing plenty of energy, inspiring music, and challenging workouts. Like riding outside, spin classes can be as hard as you want to make them. In any event, keep on pedaling!

# Stark County Bicycle Club Ride Schedule Information

## SCBC RIDE GUIDELINES HELMETS ARE REQUIRED ON ALL CLUB RIDES AND INVATIONALS

Participants under the age of 18 must be accompanied by a parent or other adult supervisor on all rides and at all Club activities.

Club rides are listed with letters denoting the Ride classification so riders will know if a ride is suited to their skill level.

Registration for all rides will be 15 minutes prior to the starting time listed.

Please call the Ride Leader or Road Captain if you have any questions about weather, route or difficulty of ride

Most of our rides can easily be shortened, if you are looking for less distance. Just let the ride leader know your intentions.

Non-Members are always welcome on club rides

Dress appropriately for the weather conditions.

**CLASS A** - Fast pace (over 19mph). An **A** rider is in excellent condition, can maintain a 19 mph pace for extended periods, and can complete a century (100 miles), even in adverse conditions of weather, traffic and terrain, in under 7 hours.

**CLASS B** - Moderately fast pace (15 -19 mph). A **B** rider is a strong rider, feels comfortable sharing the road with traffic, and can complete a century (100 miles) in under 8 hours.

**CLASS C** - Moderate pace (10 -14 mph). A **C** rider is a competent rider, in good conditions, can handle most traffic conditions, and can complete a 50 mile ride in under 6 hours.

**CLASS D** - Slow pace (5—9 mph). A **D** rider is a steady rider who may not feel comfortable in traffic and does not wish to attempt rides in excess of 20 miles. Should be able to complete a 20 mile ride in 3 hours

**CLASS O** - Open pace. Class **O** is given to a ride on which riders, including the ride leader, will be riding at whatever pace they choose.

**CLASS MTB** - Trail rides which may require technical ability or special bikes. These trails may have obstacles such as rocks, mud, logs or stream crossings.

**CLASS NR** - New Rider. Class **NR** is given to a ride specifically intended for new riders, who may be new to group riding. The ride leader will attempt to communicate “rules of the road” and will always stay with the slowest rider. Everyone is encouraged to ride together at the pace determined by those participating.

**CLASS TRL** - Rides which are entirely on trails or bike paths. They may be paved or hard packed

**TOURIST CLASS** - A special designation given to **C** and **D** rides which are designed to appeals to those who don't mind riding long distances, but who also like to take their time and stop to see places of interest along the way. These rides will generally have a destination of special interest where time will be taken to explore, investigate and enjoy the sights. All riders will be encouraged to ride together in a group with the ride leader.

## Commuter Miles

Commuting miles are defined as any miles on the bike during which you substitute a bicycle for a motor vehicle. You can include trips to work, school, appointments, errands and riding to a club ride (SCBC scheduled ride miles should not be included in your commuter miles).

Reporting will be on the Honor System. Send your miles via email to [davecardarella@gmail.com](mailto:davecardarella@gmail.com) once a month. I will track your miles and they will be reported in the newsletter. If you miss a month, just send me your miles and I will include them.

Dave

## How Much Air Pollution Is Prevented When Commuting by Bicycle?

**10 mile round trip commute 5 days a week for a year (2600 miles annually)**

|             |        |                    |                             |
|-------------|--------|--------------------|-----------------------------|
| Small car   | 35 mpg | 68 gallons of gas  | .7 Tons of CO <sub>2</sub>  |
| Midsize car | 20 mpg | 124 gallons of gas | 1.3 Tons of CO <sub>2</sub> |
| SUV or 4x4  | 14 mpg | 170 gallons of gas | 1.9 Tons of CO <sub>2</sub> |

And those are just the pollutants from fuel use. From the foam and plastic in its seats to the petroleum in its tires, each car is a small pollution factory. Several tons of waste and 1.2 billion cubic yards of polluted air are generated in its manufacture alone! In 2008 the US produced 1.6 million billion metric tons of waste mining ore for automotive production. In the US each year, painting and coating cars produces 40 million pounds of air releases and 24 million pounds of hazardous wastes.

During its lifetime, on the road, each car produces another 1.3 billion cubic yards of polluted air and scatters an additional 40 pounds of worn tire particles, brake debris and worn road surface into the atmosphere.

Bicycling significantly reduces transportation emissions while also reducing traffic congestion and the need for petroleum. The total number of pounds of pollutants, (comprised of hydrocarbons, carbon monoxide, nitrogen oxides and carbon dioxide), emitted per year is 12,140.30 lbs/year (or 0.97 lbs/mile) for passenger cars and 17,025.80 lbs/year (or 1.21 lbs/mile) for light trucks.
